

# IMCOS-6951 Talk back waterproof reversible substation

## Product description

IMCOS-6951 is a talk back waterproof reversible substation composed by a waterproof box for wall mounting, containing a watertight horn and a junction box with push to talk button.

Suitable for ship applications in deck areas and engine rooms.

## Features

- Standard PVC or Type 316L stainless steel option for watertight box material
- The box includes:
  - 1 watertight horn;
  - 1 watertight junction box with push to talk button
- Different junction box versions:
  - standard, with PTT button and prewired horn
  - with PTT button and horn sockets, for portable horn with own plug
  - Cable standard length 1,5 m
  - Loudspeaker power options of 10, 15 and 30 watt
  - Ingress Protection IP 66

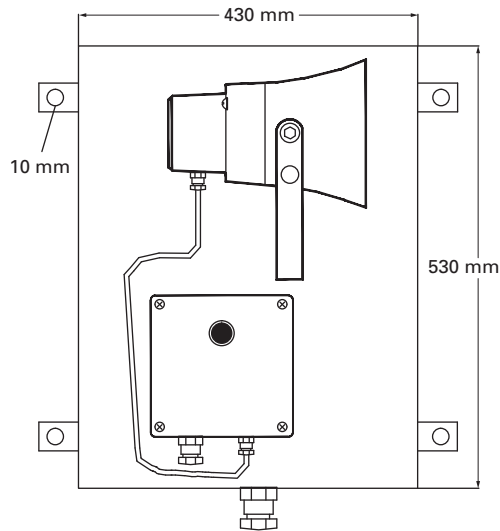

*Powering Business Worldwide*

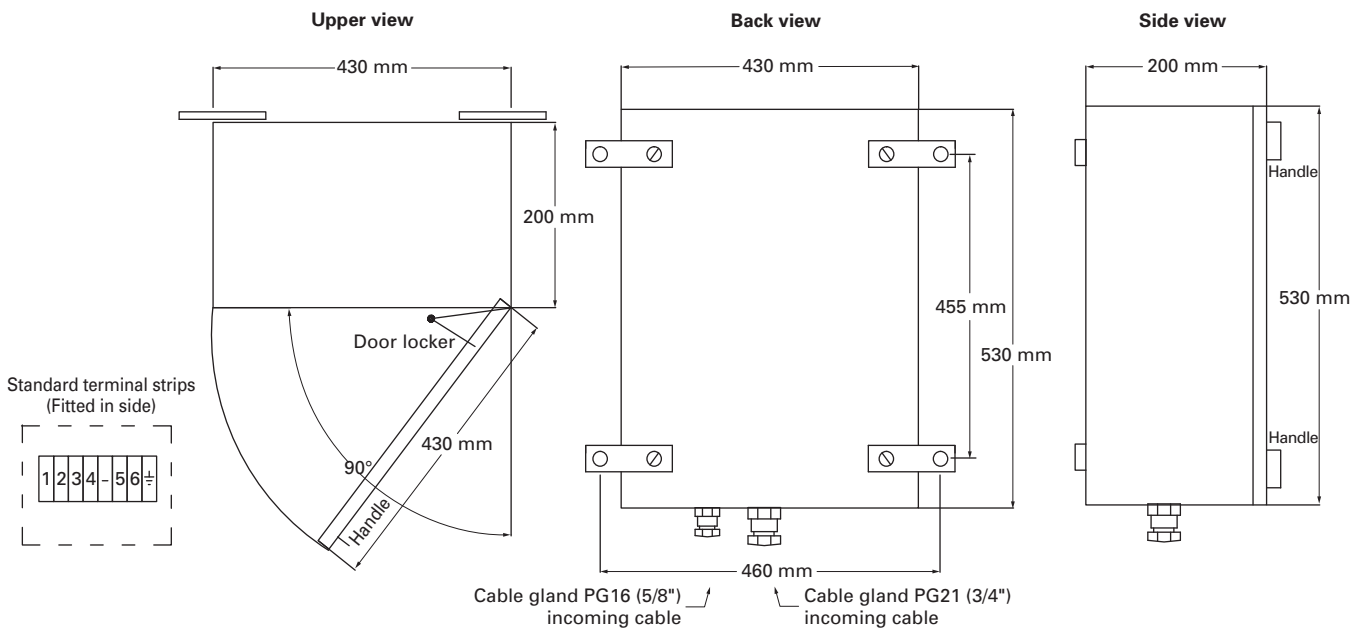

## Specification

Material (box)	PVC Type 316L stainless steel	(IMCOS-6951-xy); (IMCOS-6951-xy-I)
Cable glands	1xPG21 (3/4")	
Mounting	Wall mounting	
Wiring	Standard terminal strip inside	
Dimensions	Height 530 mm, width 430 mm, depth 200 mm	
Weight	13 Kg (IMCOS-6951-xy); 18 Kg (IMCOS-6951-xy-I)	
Ingress protection	IP66
